```
<style>
  .shadow {
    margin-top: 100px;
    margin-left: 100px;
    width: 200px;
    height: 200px;
    background-color: blue;
    box-shadow: 10px 0px;
  }
</style>
</head>
<body>
  <div class="shadow"></div>
</body>
```

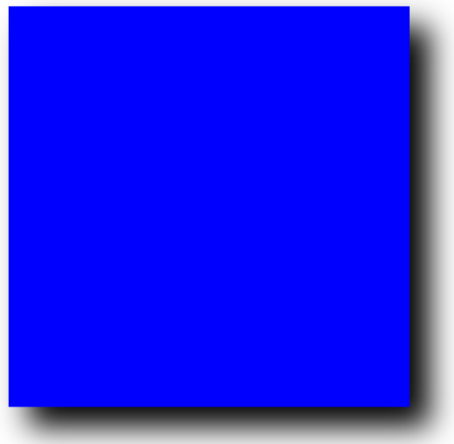

```
<style>
  .shadow {
    margin-top: 100px;
    margin-left: 100px;
    width: 200px;
    height: 200px;
    background-color: blue;
    box-shadow: 10px 10px;
  }
</style>
</head>
<body>
  <div class="shadow"></div>
</body>
</html>
```

For blur ->

```
<style>
  .shadow {
    margin-top: 100px;
    margin-left: 100px;
    width: 200px;
    height: 200px;
    background-color: blue;
    box-shadow: 10px 10px 15px;
  }
</style>
</head>
<body>
  <div class="shadow"></div>
</body>
```

spread distance →

```
<style>
  .shadow {
    margin-top: 100px;
    margin-left: 100px;
    width: 200px;
    height: 200px;
    background-color: blue;
    box-shadow: 10px 10px 15px 15px;
  }
</style>
</head>
<body>
  <div class="shadow"></div>
</body>
```

Color →

```
<style>
  .shadow {
    margin-top: 100px;
    margin-left: 100px;
    width: 200px;
    height: 200px;
    background-color: blue;
    box-shadow: 10px 10px 15px 15px grey;
  }
</style>
</head>
<body>
  <div class="shadow"></div>
</body>
```
